

Steps to Validate Certificate from PreparationInfo

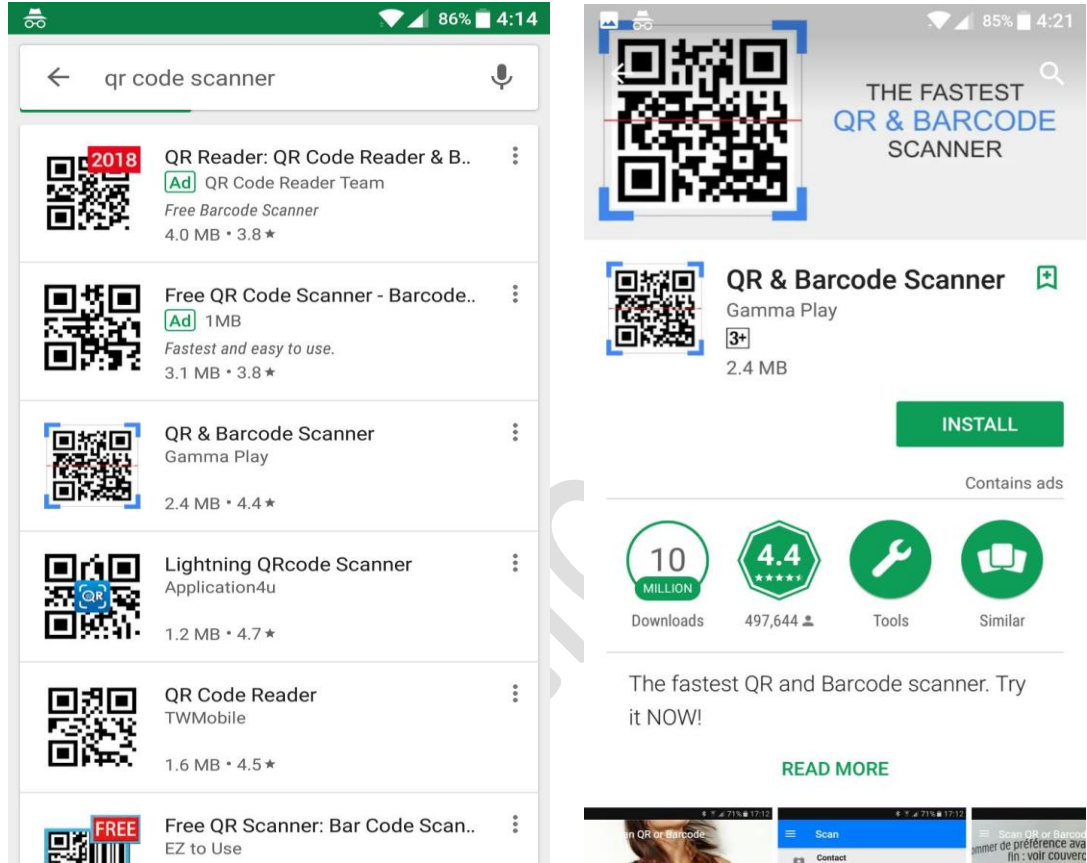

Sample PreparationInfo Certificate:

Each Certificate can be verified by either **QR code** or the **Certificate ID** (Our Sample Certificate have id – 1002022)

Verification Steps by QR Code:

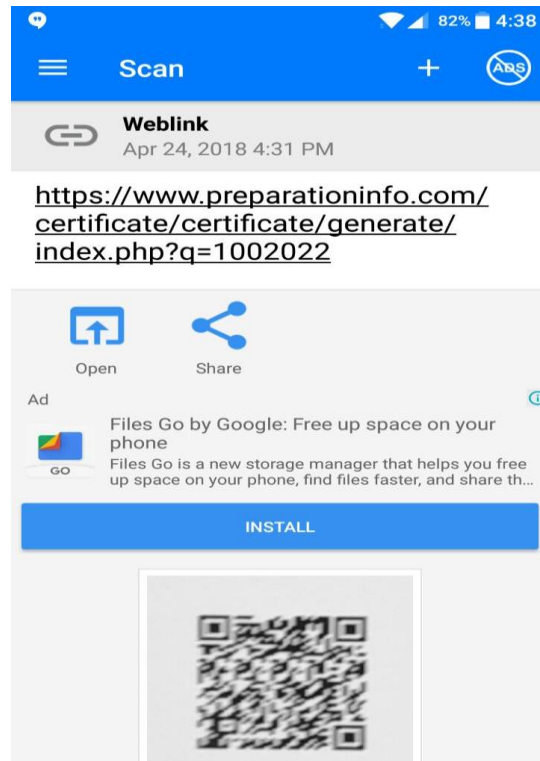

1. Download QR Code Scanner/Reader in your smart phone
 - a. You can find multiple free applications in Android or iOS

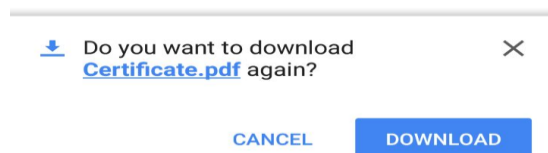

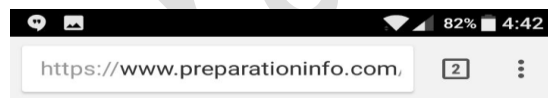

2. In this example, I have chosen QR & Barcode Scanner as shown above in the screenshot.
3. Use this App to Scan the QR code of the Certificate as shown below in the screenshot

4. This App will reflect an URL of the certificate which can be used to download or view the Certificate in PreparationInfo domain.

5. Click on the link and it will ask you to download the Certificate soft copy in your mobile.

6. Downloaded Certificate soft copy will be the same

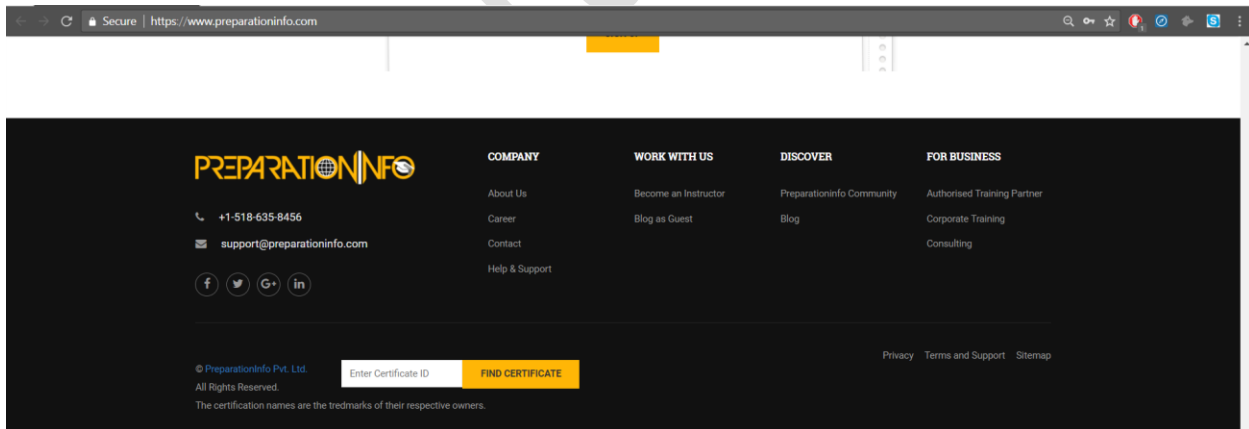

Verification Steps by Certificate ID:

1. Get the Certificate ID from support team of PreparationInfo.
 - a. In this example, certificate id is 1002022
2. Open website www.preparationinfo.com

3. Scroll down to footer of the website
